Technical Picks

PFC 24 FEB 365 CE	
Reco Price	₹14.40
Call Buy	
Target Price	₹18.50/22
Stop Loss	₹11
Time Frame	

Rationale for Recommendation.

PFC has delivered a strong bullish breakout and is trading well above all key EMAs, confirming short-term momentum strength. The price has crossed the 360 resistance zone with volume, which supports continuation. As long as PFC holds above the 360-365 CE remains favorable for an upside move towards 370–380. A close below 360 may trigger profit booking and weaken the option structure.
