## Technical Picks

BRITANNIA JAN FUT (SHORT)	
Reco Price	₹ 6130
<b>FUTURE SHORT</b>	
Target Price	₹ 6055/6020
Stop Loss	₹ 6176
Time Frame	

### Rationale for Recommendation.

Britannia Industries is facing resistance near the upper Bollinger Band, and recent selling pressure suggests exhaustion at higher levels. The stock has slipped below short-term moving averages, indicating weakening momentum. Failure to reclaim the resistance zone may lead to further downside. A sustained move below the key support area could accelerate selling pressure and weaken the overall structure.
