Technical Picks

CDSL 27 JAN 1440 CE	
Reco Price	₹30
Call Buy	
Target Price	₹37/42/47
Stop Loss	₹25.50
Time Frame	

Rationale for Recommendation.

CDSL has taken support near the 1400–1420 demand zone after a corrective phase, indicating buying interest at lower levels. The price is attempting a base formation, and momentum is gradually improving. A sustained move above 1460–1470 can trigger upside momentum, making 1440 CE attractive for a bounce play. Below 1380, the bullish view may weaken and the option could face pressure.
