## Technical Picks

Granules India Limited	
Reco Price	₹630
Call Buy	
Target Price	₹706
Stop Loss	₹592
Time Frame	2 weeks

### Rationale for Recommendation.

Here is the grammatically corrected version:

The stock is trading at the verge of a breakout and is forming a bullish Cup and Handle pattern on the daily time frame. A sustained move above 630 with strong volume would indicate a breakout. The price is sustaining above all moving averages. A move below 592 could weaken the structure. Overall the stock is in uptrend.
