Grindwell Norton Limited

Target Price	₹2295
Stop Loss	₹2014

Rationale for Recommendation.

Grindwell Norton has witnessed a strong momentum breakout with a massive bullish candle backed by exceptionally high volumes, indicating aggressive institutional buying. The stock has decisively crossed the crucial resistance at ₹2,099, which now becomes the immediate support zone. If the price sustains above this breakout level, the momentum can extend towards ₹2,295 in the near term. A sustained move below ₹2,014 would weaken the short-term bullish setup, while holding above it keeps the trend firmly positive.
