Technical Picks

HCL Technologies Limited	
Reco Price	₹1,720
Buy Call	
Target Price	₹ 1,950/ 2,200/2,300
Stop Loss	₹1600
Time Frame	6 months(investment)

Rationale for Recommendation

Recovery from recent bottom looks strong Trend reversal is likely confirmed above ₹1,750–₹1,800 with volume Stock has already corrected ~30% from its highs and now recovering. Forming higher lows, indicating accumulation and return of investor interest. Support around ₹1,600 is holding strong.
