Technical Picks

HDFC BANK FUTURE	
Reco Price	₹ 988
Buy oct. fut.	
Target Price	₹ 1000/1013
Stop Loss	₹ 976
Time Frame	Swing trade

Rationale for Recommendation

The stock on daily time has made a double bottom and give breakout from there with renewed buying interest. A long side trade can be placed with stop loss at 976 with upside target of 1000-1013. Below 976 momentum may get weak.
