Ingersoll Rand (India) Limited

Target Price	**₹4993**
Stop Loss	**₹ 4416**

Rationale for Recommendation.

Ingersoll Rand has rebounded strongly from the ₹4,415 support zone and is now consolidating just below the key resistance of ₹4,574-4,575, indicating sustained buying interest despite recent profit booking. The stock continues to maintain a pattern of higher lows, reflecting a constructive technical setup. A decisive breakout above ₹4,574 could trigger fresh upside momentum towards ₹4,993 and further while ₹4,416 should act as a crucial support and stop-loss level.
