Technical Picks

SBI Life Insurance Company Limited	
Reco Price	₹ 2090
Call Buy	
Target Price	₹2200/2275
Stop Loss	₹2030
Time Frame	2 weeks

Rationale for Recommendation.

The stock is maintaining a strong uptrend on the daily timeframe, trading above all key EMAs, indicating sustained bullish momentum. After a steady consolidation, price has given a breakout and is holding above the ₹2,050 zone, which now acts as immediate support. Volume participation near breakout levels suggests fresh buying interest. As long as the stock sustains above ₹2,050–2,030, it can extend its upward move towards ₹2,200–2,275 levels. Any dip towards the 20 EMA can be considered a buying opportunity with a strict stop-loss below ₹2,030.
