## Technical Picks

Tata Motors Passenger Vehicles Limited	
Reco Price	₹353
Call Buy	
Target Price	₹369/378
Stop Loss	₹ 342
Time Frame	2 weeks

### Rationale for Recommendation.

The stock has corrected significantly and is now trading near a strong demand zone around 350–360, where buying interest is visible. Price action suggests a base formation after a prolonged downtrend, indicating selling pressure is easing. A sustained move above 350-353 with volume could trigger a recovery towards 370–378 levels. Below 340, the bullish structure may weaken.
