Technical Picks

Tourism Finance Corporation of India Limited	
Reco Price	₹73
Call Buy	
Target Price	₹83/86
Stop Loss	₹65
Time Frame	2 weeks

Rationale for Recommendation

The stock has bounced sharply from the 65–66 support zone, showing strong demand and reclaiming the short-term breakdown area. Immediate resistance lies around 83 TO 86, and a breakout above this zone can open more upside move. As long as it holds above 65, the structure remains bullish; below that, momentum may fade toward 61.
