Target Price	₹9103/9432
Stop Loss	₹7814
Time Frame	2 weeks

Rationale for Recommendation.

The stock has given a strong breakout from its recent consolidation zone and is approaching a major resistance around 9100-9430. Sustaining above this zone may open the path toward the next levels. On the downside, ₹7,814 remains the immediate support where buyers previously stepped in. Momentum is positive, as long as sustain above 7814.
